### **DECEMBER HOLIDAY AND SCHOOL PROGRESS 2025**

Greetings;

How is the new year 2025 over there? On our side we are doing well, we thank God for everything. Hopefully you are all doing well.

We have been busy almost the whole of January since it's the beginning of the new academic year. December holiday was well for every one of us both teachers, pupils and all members of Bright school.

The school was opened on 13/01/2025, all pupils reported back to school except a few who has been transferred to different places due to family issues. We have also received new pupils and the total number of pupils are now 586. We were forced to stop taking more pupils because our classrooms are full.

The Government of Tanzania has given us 8 field Teachers from Marangu Teachers College. They reported on 03/02/2025 they will stay for two months, so by 03/04/2025 they will go back to their College.

Field teachers from Marangu teacher's college

This year 2025 we have employed 3 teachers to teach upper classes. Since there was an increment of another class, we had to add these three teachers.

Last year 2024 we had second grade seven (VII) pupils who did their national exams in September. The result were out by the month of October. Actually, the results were good and amazing, our school got position one in our zone and within the region of Kilimanjaro we were position three.

Below are the results of the 27 pupils who did their final exams last year.

We would like to appreciate for supporting us with computers. We are in the process of installing them. Actually, the new curriculum needs a lot from the computer technology they will really help us towards achieving this. Once's the installation is over we will let you know. Below are pictures showing how far have we gone towards this project.

With a lot of thanks again we appreciate for supporting us with books for library and the sitting tools you supported us with. They are making the library look interesting for both pupils and teachers.

We received Money for the supported pupils. Here they are learning and working hard towards their studies. They really enjoy for this chance they got since, to them it seems like a dream which has come reality. Their hearts are full of joy and thanks.

### ***Bright school sponsored pupils***

We have started the process of opening a school Website whereby we can post all matters concerning our School Bright. Once its complete we will let you know.

This year early January we managed to buy another school bus to enhance transportation of our pupils with no any problem since last year we had few. This makes a total of 7 (seven) school buses which are been used daily.

Finally, we have photos of all pupils of Bright school, Teachers, Drivers, Cooks and cleaners
